

### Other Surprising Facts Found in the 2010 U.S. Census Data

by Baron von Funny

The U.S. Census Bureau released data from its 2010 census this week, and one item that garnered headlines was that the population of the city of Detroit has dropped 25% over the last decade, to its lowest level since 1910. However, that was hardly the only surprising piece of information to be found...
